

**Course Title: InstaLase:  
Hands-on Workshop on Pediatric Oral Laser Application  
Course Mentor: PROF. Dr. M S Saravanakumar  
M.D.S.**

Dr. M S Saravanakumar is a specialist pediatric with 15 years of experience. He mastered the laser technology and its safe use in children especially for the release of tongue ties. He is known globally as a knowledgeable, experienced, tongue tie release provider. He is the first person in India to start tongue tie release for new born babies using lasers. He has immense experience in tongue tie, lip tie and tethered oral tissue functional assessment and timely management. He is a best outgoing student (MDS) with a university rank holder. He completed standard proficiency in lasers from IALD, LEI and UCSF and advanced proficiency from American Diplomate (DABLS), WCLI & MANIPAL UNIV. He has been honored with Fellowship Award (ISDR), PEDO MASTER EXCELLENCE AWARD and Fellow ICD. Dr. Kumar is one of the first person to initiate Laser Assisted Pediatric Dentistry (LAP-D) and Tongue Tie release National workshop in ISPPD Conference and Conventions.
